01 PROFESSIONAL SUMMARY

I build AI tools that real teams use every day, not demos. At GEMMACON North America I write and ship the internal AI tooling we run the business on: agentic research pipelines, document automation, and containerized Python services. Before that, a decade of connected-vehicle software at Toyota, Mercedes-Benz R&D, Hyundai, and PACCAR.

02 CORE COMPETENCIES

Agentic systems · LLM / RAG · Python / FastAPI · Forward-deployed engineering · Requirements & scoping · OTA / telematics / SDV · Cross-functional lead

03 PROFESSIONAL EXPERIENCE & EDUCATION

EXPERIENCE **Director of AI Deployment & Solutions** APR 2023 — PRESENT

GEMMACON North America · Long Beach, CA (Remote from DFW)

— Promoted twice in two years, from OTA Test Manager to Director of AI Deployment & Solutions, on Mercedes-Benz, Porsche, and NVIDIA engagements.
— Led North American OTA validation for Porsche's E³ 1.2 architecture on the all-electric Macan, and helped grow the company from 7 to 35 employees.
— Built production AI tools: a weekly intelligence system screening 25 companies, an NVIDIA billing service saving about 100 hours a month, and a deck pipeline that cut a week of work to 15 minutes.

EXPERIENCE **Lead Test Engineer** DEC 2022 — APR 2023

PACCAR · Lewisville, TX

— Tested PACCAR's next-generation Ethernet-based EMUX architecture for Kenworth and Peterbilt trucks, including dual-boot ECUs, working with Tier-1 suppliers.

EXPERIENCE **Senior Test Engineer — Connected Services** MAR 2020 — DEC 2022

Toyota Motor North America · Plano, TX

— Validated registration, enrollment, and payment flows for Toyota and Lexus connected services across app, head unit, and cloud, with weekly deployments and smoke testing.

EXPERIENCE **End-to-End Quality Engineer** MAR 2017 — MAR 2020

Mercedes-Benz R&D North America · Long Beach, CA

— Led end-to-end testing of Mercedes me and MBUX across 14 models and up to 3 head unit variants, supporting the US and Mexico launch.

EXPERIENCE **Quality Engineer — Telematics** MAR 2013 — MAR 2017

Hyundai Autoever Telematics America · Fountain Valley, CA

— Supported QA for Hyundai Blue Link and Kia UVO telematics across 20+ models, on a platform recognized at CES 2014 and 2015.

EDUCATION **Bachelor of Science, Computer Science** 2008 — 2012

California State University, Long Beach · Long Beach, CA
